

Mirage Heights Landscape Updates!

The landscapers will be trimming trees throughout the rest of the summer to try and avoid excessive damage due to the Monsoon Storms.

Bushes and other plants will also be trimmed throughout the rest of the summer.

This fall, when the weather cools down, the Crew will bring in 10-12 tons of granite to finish the rest of the gravel project.

As always, please let us know if you have any questions.

Thank you!
